

INTAIRCOAT CONFERENCE

INCL. GUIDED TOUR TO THE
**AIRBUS PAINTING
FACILITIES**

IN HAMBURG ON 13TH MAY

WWW.INTAIRCOAT.COM

Innovative approaches for world-class aircraft coating presented by experts

INTAIRCOAT 2019: CALL FOR SPEAKERS

14th – 15th May 2019, Hamburg, Germany

From 14th – 15th May 2019, the aircraft coating industry meets in Hamburg to discuss the latest innovations, techniques, materials and strategies. Regarding exterior coating, **REACH** and associated environmental aspects are of interest. Another focus is set on the **automation** of aircraft coating. Which approaches are currently implemented, and which innovative techniques may be reasonable for the future? For the first time, there will be an additional short session devoted to **aircraft interior coating** on 13th May.

As the best process does not work without suitable materials, another main emphasis will be set on **innovative coating systems** and **special effect surfaces**. New techniques are also oftentimes applied by the MRO industry – seize the opportunity to make your latest innovations known!

JOIN US AND DELIVER AN EXPERT PAPER ON ONE OF THE FOLLOWING TOPICS

REACH AND ENVIRONMENTAL ASPECTS

- Substitution of chromate
- REACH compliance
- Non-chromated interior and exterior primers and surface treatments

SPECIAL EFFECT SURFACES - THEORY AND APPLICATION

- Easy-to-clean coatings and surface treatments
- Anti-icing coatings
- Drag-reducing coatings
- Digital color
- Fuel saving coatings
- Ultra cureable coatings
- Energetic surface preparation methods

PROCESS AUTOMATION

- Automation of stripping, pre-treatment and painting
- Automated decoration
- Cost reduction by automation
- How to implement automation in aircraft coating

EFFICIENCY AND PROCESS OPTIMISATION

- Efficient repair methods
- Synergy between MRO and OEM
- Maskless painting
- High rate coating processes
- Touch up and local repair

DEADLINE FOR ABSTRACT SUBMISSION

01th December 2018. Please submit a short text (500 characters) describing your topic.

Interested speakers are kindly requested to submit their suggested contribution via email to astrid.guenther@vincentz.net.
